

Frost Damage to Potato Crop Is Minimized Here

By O. A. (GUS) KELKER
Times-News Farm Editor

Frost damage to the potato crop in Magic Valley was minimized today by a cross section of growers and buyers contacted during a crop survey. Some of those contacted admitted frost damage, but explained that any such damage was spotty and that, unless a real cold snap comes before the digging is completed, the loss would not be great. At the same time every grower or buyer contacted said that the potato quality this season will be down from previous years and that the tubers will be smaller in size.

Yank Killed In Ambush By Viet Cong

SAIGON, Viet Nam, Sept. 10 (AP)—A U.S. army officer advising a Vietnamese Ranger battalion was killed today in a clash with a Viet Cong patrol only 15 miles west of Saigon.

U.S. officials said the Rangers, about 400 strong, were moving through Long An province on a routine operation when a Viet Cong unit of about 20 men opened fire, sniping and firing shot-machine-gun bursts. The American officer was the 192nd U.S. serviceman to die in combat here since December, 1961.

The Saigon government announced that, in another action, Viet guerrillas ambushed and killed a U.S. helicopter pilot and 19 of his men yesterday 40 miles east of Saigon.

Senate Move To Shut Off Debate Fails

WASHINGTON, Sept. 10 (AP)—A move to shut off debate in the senate battle over the supreme court's legislative reappointment decision failed today.

On a roll-call vote, only 30 senators backed shutting off debate. 53 were opposed. A two-thirds majority of those voting was required to put over a debate limitation.

The vote came on a debate-limiting measure petition sponsored by Sen. Everett M. Dirksen of Illinois, Republican floor leader.

The petition was aimed at limiting further talk by a band of Democrats against Dirksen's appointment rider to the pending 11 billion dollar highway bill.

Sen. Dirksen, co-sponsored by Sen. Mike Mansfield of Montana, the Democratic leader, would delay for a year or more federal court orders carrying out the supreme court ruling that both houses of Congress must be apportioned on a population basis.

Even before the vote, administration leaders were working to find a way to settle the reappointment dispute.

Union Seeks Better Pact With Ford

DETROIT, Sept. 10 (AP)—United Auto Workers President Walter P. Reuther goes to Ford Motor company today where he will demand a better contract than the 60 million dollar, package-setting agreement he reached with Chrysler.

Reuther told reporters last night, "the basic provisions of the economic packages at Ford and General Motors generally will follow the pattern set at Chrysler."

The labor leader said Chrysler paid its original offer made Aug. 17 at 30 cents an hour for the three-year life of the contract and then agreed to add 15 cents more.

Chrysler, he said, will sign two others—agreeing to provide the extra 15 cents an hour per worker and another agreeing to give the one and one-half cents an hour to give 12 cents additional relief time for every assembly line worker.

NFO Cancels Action After Two Deaths

CORNING, Ia., Sept. 10 (AP)—The National Farmers organization (NFO) today canceled all of its market rebellion protests in Wisconsin, where two NFO members were crushed beneath the wheels of a livestock truck yesterday.

NFO President Oren Lee Stanley, in a post-midnight plea from his headquarters here, also called on all NFO leaders in the organization's 25-state livestock "boiling action" area to make sure that any demonstrations held outside Wisconsin are non-violent.

Stanley called the death of two NFO members at Fond du Lac, Wis., yesterday a "ruthless and uncalculated act."

The two men, Melvin L. Cummings, 46, Mirmannwood, Wis., and Howard P. 44, Bondert, Wis., were killed as they and about 400 other NFO members and supporters tried to stop a truck carrying live cows and two calves to the equity cooperative yards.

President to Start Tour in Pennsylvania

WASHINGTON, Sept. 10 (AP)—President Johnson today left Pennsylvania tonight on a vote-seeking trip to help kick off the Democratic campaign in one of the key northern "battleground" states.

Johnson was scheduled to address a 100-a-plate fund-raising election drive and hear the President deliver his second major political address since his nomination for a four-year term.

Johnson is anxious to win Pennsylvania's 20 electoral votes in November. A bad boost the chances of Mike Genevieve Blatt, Democratic contender for the senate seat now held by Republican Hugh Scott.

Cold

FAIRFIELD, Sept. 10—It was 10 degrees Wednesday night in Fairfield, the coldest so far this fall. Any flowers not killed in previous cold nights were ruined, but Camas prairie residents, used to taking cold weather in their stride, continued running lawn sprinklers.

The water kept spraying even though the sprinklers were covered with ice. M. L. Daniel reported, "It was bright and sunny here this morning."

A rip-roarin' shoot-out on Ketchum's main street.

Village Marshal Les Jankow will direct the shaggy riotous. A dance with a "ray Nineties" theme will be held later that night in the roof hall.

CONCRETE PAVEMENT of a city street is crushed as though stepped on by a giant foot by hurricane Dora, a massive storm that hurled its fury against the residential area of Jacksonville Beach, Fla., 17 miles east of Jacksonville, for more than a dozen hours Wednesday night. (AP Wirephoto)

Hurricane Smashes Into Florida, Leaving Trail of Destruction

ST. AUGUSTINE, Fla., Sept. 10 (UPI)—Monstrous hurricane Dora, the worst of the century in this area, smashed through this historic coastal city today and inland across north Florida, leaving a multi-million dollar trail of damage. There was no immediate report of casualties, but thousands were homeless in Dora's wake along the Atlantic seaboard from this oldest city in the nation north to the Georgia and South Carolina beaches. Homes were unroofed, seaside restaurants and cottages undermined and toppled into 25-foot waves, fishing piers smashed and amusement park ferris wheels twisted to hulks. Beaches were chewed up along nearly 400 miles of coastline.

Gov. Carl Sanders of Georgia said damage to his state's coastline was sure to run into the millions. Both Sanders and Gov. Farris Bryant of Florida sought federal disaster aid.

Sanders ordered about 150 national guardmen into Jacksonville to guard against looting. Fifteen per cent of the buildings in the city of 30,000 were said to be destroyed.

At Jacksonville Beach, perhaps the hardest hit spot along the wide swath cut by Dora, city councilmen made a preliminary estimate of 10 million dollars in damages. In other cities, authorities were still picking through debris making their first surveys of the destruction.

There were reports of looting in both St. Augustine and Jacksonville. Dora's winds reduced to bare hurricane force of 75 miles an hour in gusts, crunched through the pine woods and recently harvested tobacco land of north Florida.

The center was located at noon EDT about 70 miles west-southwest of Jacksonville. The storm was moving between west and west-northwest at about 10 miles per hour.

Hurricane warnings went up along the elbow bend of Florida's north Gulf coast and the Florida panhandle and south Georgia area were warned of approaching gales and rains that may total 10 to 15 inches in the coming two days.

Meanwhile, hurricane Etha pounded westward almost on Dora's tracks with building fury. The weather bureau located the storm at noon EDT about 250 miles east of Palm Beach and said it was moving westward at about eight miles per hour.

A rip-roarin' shoot-out on Ketchum's main street.

Village Marshal Les Jankow will direct the shaggy riotous. A dance with a "ray Nineties" theme will be held later that night in the roof hall.

Over 350 head-of-horses are slated to be ridden or pulled wagons in the two-mile-long parade to start at 11 a.m. Saturday under direction of Ed Sticker, general chairman of the Wagon days celebration.

Goldwater Tells Idahoans Demos Are Power-Hungry

BOISE, Sept. 10 (UPI)—Barry Goldwater warned Idahoans today that a "power-hungry" Democratic administration can strip the freedom from the Idaho statehouse. His purpose in seeking office is to see that this doesn't happen," Goldwater told an audience of 14,000 in front of the statehouse steps. Under a hot sun, facing a crowd packed into Steunenberg square, the Arizona senator, here for about an hour and a half in his northwestern campaign for the presidency, said small states like Idaho and Arizona are at the mercy of the "unholy power of Lyndon Baines Johnson."

FBI Asked to Make Report on Race Riots

WASHINGTON, Sept. 10 (UPI)—President Johnson said yesterday he has asked the FBI to give him a report on its investigations of recent racial riots and other civil disturbances to see if any common pattern fits them all. The President told a news conference he may make further recommendations—possibly including legislation—after he has studied the FBI report. Johnson said he would inform mayors and governors of cities and states where the riots occurred that full information would be available to them on the findings.

He said anyone who read the newspapers about these disturbances in both the North and the South could see there was "considerable agitation" in connection with them. On other subjects, the President said: "It is pleased that the contract dispute between Chrysler corporation and the United Auto Workers was settled peacefully and privately through collective bargaining."

Johnson named a panel of prominent Americans as special consultants on foreign policy problems to the President, secretary of state and secretary of defense. He said the men were "above partisan politics" and would be available to serve the Chief Executive in 1968.

The President said he would make known the conclusions of executive department studies on the wisdom of further tax cuts in a message to congress in January.

He approved a "thorough investigation" by the senate of charges that there was a \$25,000 kickback in connection with construction of the Washington, D.C. stadium.

Johnson announced his request to the FBI to answer a question on another subject. He said he has asked the agency to give him a compilation of reports on disturbances recently that could involve violation of federal law.

He said he would review them to see if any common pattern existed and direct any further study necessary to prepare recommendations.

He said this request would involve such states as Georgia, Mississippi, New Jersey, New York and Maryland.

Under questioning, he said any recommendations would not be limited to legislation. He did not expand on this point.

DISCUSSING PLANS at Sun Valley for the Northwest Electric Light and Power association's 37th annual meeting are R. F. Plymire, left, president, and Colin Raff, Butte, Mont., vice president of Montana Power company and president-elect of the group. Plymire, Bellevue, Wash., is vice president of Puget Sound Power and Light company, host firm for the annual meeting this year at Sun Valley. About 250 persons are registered for the three-day conference.

Forest Men Get Training Session Here

Forest service personnel of the Sawtooth ranger districts are meeting Thursday and Friday in a training session being conducted by Gordon Watz, assistant regional forester.

Purpose of the meeting is to insure the coordination of use and production of national forest resources for maximum overall benefit to the public.

Watz, who came from Ogden, Utah, for the workshop, is holding the Thursday session in the city hall and the Friday portion in the field to review the program on the ground.

Subjects being covered include multiple management systems, a management guide, range district management plans and survey reports.

Hearing Is Asked for Burley Case

BURLEY, Sept. 10 — David J. Cyphers and Robert W. Mueller, 23, both Pittsburgh, Pa., appeared in probate court Thursday morning on charges of armed robbery and assault with a deadly weapon.

The two men requested a preliminary hearing and Judge Vern Carter granted the request although he did not set a date.

Bond of \$10,000 each was not posted and Cyphers and Mueller were remanded to the county jail.

The two men are charged in connection with the Aug. 14 shooting of Mrs. Norma Newcomb, 55, Burley, while she was scheduled to make a campaign speech, were two quite noticeable signs on Eighth street, Boise's principal downtown thoroughfare.

A large one on the corner across from the Statehouse, was put up above the yet to be opened Democratic headquarters proclaiming: "It's time for a Democratic change."

The other, a banner on the marquee of the Hotel Boise, announced the hostility to be the "Headquarters for Lyndon B. Johnson."

Well Doggone

BERLIN, Sept. 10 (AP)—An East German police dog was shot and killed on a common law border guards and defected to the West.

Demos Have Signs Near Statehouse

BOISE, Sept. 10 (AP)—Democrats in traditionally Republican Ada county made certain today they were in a good when GOP identification. No names. Barry Goldwater made a campaign appearance here.

Within a block of the statehouse, where Goldwater was scheduled to make a campaign speech, were two quite noticeable signs on Eighth street, Boise's principal downtown thoroughfare.

A large one on the corner across from the Statehouse, was put up above the yet to be opened Democratic headquarters proclaiming: "It's time for a Democratic change."

The other, a banner on the marquee of the Hotel Boise, announced the hostility to be the "Headquarters for Lyndon B. Johnson."

The dog jumped into the 50-yard wide river and was carried away by the current.

The dog was carried by the current to the U.S. sector borough of Kreuzberg while five excited communist policemen shouted "Come back! Harro! here Harro, here Harro."

But the German shepherd never even looked back. The dog was hauled up the steep western bank of the canal by a West Berlin policeman and a passerby.

West Berlin police sent Harro to a dog pound.

Firing Slated

WHITE SANDS MISSILE RANGE, N.M., Sept. 10 (AP)—The fourth attempt to fire an Athena research rocket from Green River, Utah, to White Sands is scheduled Friday night, military officials said today.

Launch is to be between 10 p.m. and 3 a.m.

The missile gives ground radars a chance to collect data on the physics of re-entry. Three other Athena have been fired from Green River, one successfully.

Wabash Cannonball Strikes Truck; One Dies, 40 Injured

ATTICA, Ind., Sept. 10 (AP)—The Wabash Cannonball slammed into a truck laden with concrete blocks and debris southwest of here yesterday. One person was killed and more than 40 injured.

Truck driver Harold E. Mauck, 51, Tilton, Ill., was killed. At least 21 persons were admitted to Danville, Ill., hospitals.

Wabash railroad officials said five doctors treated 20 other persons for injuries which did not require hospitalization.

Boisean Files Suit Against Vaccine Firm

BOISE, Sept. 10 (AP)—Farris C. Lind, known to Idaho motorists as "Fearless Farris," the Blinder, has filed a \$150,000 damage suit in federal court yesterday against Wyeth Laboratories.

Lind, who is a 34-year-old type, filed the suit after being bitten on the face by a dog named "Wyeth" which was owned by the company's product "was negligently and carelessly manufactured, sold or distributed and that the defendant had knowledge of the fact that the dog was a 'direct result' of taking the vaccine."

Lind, in the suit by his wife, Virginia, the Boise gasoline dealer, alleged he has spent \$30,000 to date on medical and hospital treatment and care and will have to spend \$25 a day on the rest of his life.

He asked for \$30,000 in damages already sustained and an additional \$50,000 for mental suffering and pain, complete paralysis of his body and loss of income.

Lind operates the so-called "stinker stations," a chain of gasoline stations, in Idaho and northern Utah.

New Model Added to '65 Mustang Line

The Mustang, announced in January, has become the first of its kind in the history of the Ford Motor Co. to have a new model added to its line.

The Mustang is already the most successful new car line ever introduced because it offers a unique combination of the sporty and the practical, said Donald R. Frey, Ford division assistant general manager. "Now, with the 2-1/2 model, it becomes even more sporty and practical."

Frey said the new Mustang provides seating for four. Fold-down rear seats permit added luggage.

Mustang options available to the performance-minded include a selection of three V-8 engines with up to 311 horsepower, a state-of-the-art, ratio-ratio steering, Rally-Pac with tachometer and clock, limited-slip differential and a special handling suspension and sports tires.

The new Mustang 2-1/2 joins the 1965 Mustang hardtop and convertible models in Ford dealer showrooms Friday, Sept. 25.

The front compartment of the new Mustang fastback is styled identically with a hardtop and convertible models, except that the headlining and padded sun visors are color-keyed to the interior trim.

Load panels are trimmed with a new, unupholstered, with color-keyed nylon-rayon carpeting for durability and a neat, rich appearance.

The rear vehicle panel behind the load-floor separates the trunk from the load area for easy storage of valuables. When desired, the panel may be swung upward after releasing a lock inside the luggage compartment. This creates a compartment 78 inches long from the rear of the trunk to the rear of the front seats.

Front-wheel disc brakes also are new options for all Mustangs, as are an emergency flasher and chrome steel wheels styled with exposed lug nuts for a sports appearance without wheel covers.

Painted White

BURLEY, Sept. 10 (AP)—Teresa Stevenson, 13, daughter of Mr. and Mrs. Verlin Stevenson, Burley, and Marvin Heaton, 15, daughter of Mrs. William Heaton, Twin Falls, appeared before Burley Judge Vern Carter Tuesday afternoon, for painting white paint on Safeway's building, South-east Idaho P.O., Masonic hall, Catholic county courthouse, postoffice delivery truck, two auto and gas pump at Burley city hall.

The girls were ordered by Judge Carter to repaint and restore the buildings and are being placed on probation. The case still is under investigation.

I'll Help Send George Hansen To Congress

Many people have asked what they can do.

If you are interested, check the appropriate squares and mail to the George Hansen for Congress Committee, Box 437, Soda Springs, Idaho.

VOUCHING FOR RED CROSS service are 20-month-old Wyly Clark, left, and his mother, Mrs. Harland D. Clark, 121 Seventh Avenue North, Boise, who arranged for the Red Cross. (Times-News photo)

Tot Has Changed Blood 4 Times, Thanks to Red Cross

Mrs. Harland Clark, 121 Seventh Avenue North, has a good reason for saying, "We always support the Red Cross blood drive."

When the Clark's youngest child, Wyly, now 20 months old, was born, he required four complete blood transfusions. These transfusions began when he was one day old to combat a blood infection with which he was born.

Mrs. Clark came home two days after his birth in an effort to locate friends who might donate blood for her son. Finally she called the Red Cross, only to find they had the whole matter in control.

"The Red Cross was right by my side all the time. They had three or four donors standing by who could be contacted at a moment's notice," she said.

Wyly, who has type O negative blood, is now healthy and stronger than most youngsters his age. "He could have suffered permanent brain damage or have died," said his mother, "hadn't been for the assistance of the Red Cross."

Mrs. Clark, who also has O negative blood, keeps her name on the Red Cross donor's list for emergency calls, such as that of her son's.

Monday the annual Red Cross blood drive will be held in the American Legion hall from 2 to 6 p.m. Reservations for particular times may be made by calling 733-6464 and baby sitters will be available at the hall. The quota has been set for 150 pints this drive.

Two Vehicles Sideswipe At Fairfield

SHOSHONE, Sept. 10—Damage resulted to two vehicles when they sideswiped at 3 p.m. Monday one and one-half miles west of Fairfield on highway 68.

About \$325 damage resulted on the left side to a 1959 Pontiac driven by John L. Rice, Gooding, while \$365 damage resulted to the right front of a 1959 Chevrolet driven by Tony Serucek, Jerome. Rice Motor company, Gooding, owned the Pontiac.

Investigating officer William Van Dyke attributed the accident to conditions of the narrow roadway.

Deputy Sheriff Martin Whitesell said that traffic was controlled by signal from 7 to 11 p.m. Saturday four and one-half miles east of Fairfield on highway 68A. A 35-foot trailer house lost one tire and wheel and all of the others also went flat with the weight.

A J. Shepherd, Palmdale, Calif., was the owner and driver en route home from Sandpoint. At 5 p.m. Saturday a 1957 Dodge owned by Lindell Cooper, Dietrich, was damaged about \$100 when it was backed into 1003 Third Standard Oil company truck at the Dietrich garage.

Cooper had repaired his car and in hooking up the driving controls, had the reverse and neutral dial switched so the car started backward when started. There was no damage to the big truck, the deputy said.

Eight Area Apprentices Get Awards

"The success of apprenticeship depends largely upon all of our efforts to instill in youth the spirit of self-reliance, courage, and determination," said Warren K. Cassidy, apprenticeship representative of the bureau of apprenticeship and training.

Cassidy addressed Magio Valley group that met for the presentation of certificates to eight area people Wednesday night at the Harrison room.

Receiving certificates were James D. Hagen, bricklayer; James Frederick Burk, journeyman electrician; Lewis H. Davis and Richard Haynes, both plumbers; Dee Shelby Zimmerman, Rupert, millman; Lowell Blaine Christensen, Rupert, and Freddie O. Newberry, both machinists, and Loren H. Hansen, pressman.

Lewis Davis, who received his certificate, thanked the journeymen on behalf of the apprentices for passing on their skills to them.

Daniel Dorman, president of Idaho A.P.T.C., congratulated the completing apprentices. He said, "I would request of the employers that you continue to participate in the apprenticeship program. Only by doing so will the best of both management and labor can competent craftsmen be developed."

Harold E. Gerber acted as master of ceremonies for the affair.

Display

Work began this week on the construction of a cement slab in the city park on the main street of Fairfield. The slab will be the foundation for the display of a giant Douglas fir log being donated by John Humphreys, Corral anvil operator.

A roof is being planned over the display and local service clubs are assisting in the construction. The giant log will be put on display as a tourist attraction.

Service Held for Mrs. Rutherford

Funeral services for Mrs. Beale Bowen Rutherford were conducted Wednesday in Reynolds funeral chapel by the Rev. John B. Sims. Final rites were held at Sunset Memorial park.

James C. Reynolds was soloist and Mrs. John Birrell was organist.

Palbearers were Fred M. Sangster, Mel Dolling, Leo Pink, Maurice D. Hartruff, William R. Stevenson and Weldon Haskins.

Enters School

LEBANON, Oct. 10 (AP)—A 33-year-old Lebanon housewife is back in school this year, 20 years after she dropped out in the fifth grade.

Mrs. Wade C. Price, who says she has spare time, wants to get the answers her 7-year-old son will be asking as he grows older.

Mrs. Price was advised to enter as a freshman by school officials. Her son, Bobby, entered the second grade.

Dietrich Plans Teachers Fete

Dietrich, Sept. 10—Dietrich teachers will be honored at a reception Friday.

Mrs. Orville Davis, hospitality chairman, will be assisted by Mrs. Martin Jeureuil and Mrs. Glenn Sorenson, program committee.

Willie McClain, PTA president, reports chairmen are Mrs. Martin Jeureuil, program, Mrs. Lohr, room mother; Mrs. Glenn Sorenson, maintenance; Mrs. Mervyn Ridinger, membership; Mrs. James Meservy, procedure book; Mrs. Ben Lauer, publicity; and Mrs. Orville Davis, hospitality.

PTA meetings are held the first Monday of the month in the cafeteria of the school, and all interested persons are invited to attend.

30 DAYS IN SEPTEMBER! FAMOUS McKESSON BEXEL VITAMIN SALE!

Today only! Substantive people with a complete disregard for money pay exorbitant prices for the identical formulas and quality of vitamins they can buy at 1/2 price, two for one, or special savings. This big September sale is proof of this! Stock up and save on famous McKesson Bexel Vitamins for the whole family! Get it 6 months supply... enough to take care of your needs until March of 1965. You'll remember this September... because of all the money you saved on vitamins!

Miss America May Be Taller Than Before

ATLANTIC CITY, N. J., Sept. 10 (AP)—A new Miss America will be chosen Saturday night and chances are she'll be taller, older and have a better figure than her predecessor.

Oddly are the heir to the tiara worn by Norma Axtell of El Dorado, Ark., also will weigh more and have different color eyes but the same color hair as most of the 37 winners of the title.

That's the result of a composite look at the 50 girls, representing all the states, who are trying to become Miss America 1965.

The composite contestant stands a half-taller than five-foot-six compared with the five-foot-five of previous winners and is 10 1/2 years old compared with 19 years.

Her bust-waist-hips measurements run 35-23-35 1/2, compared to the 34 1/2-23-34 1/2 average measurements of previous Miss Americas.

Former title-holders averaged 123 1/2 pounds. The composite of the current group is on the shy side of 120 pounds.

Each has brown hair but 18 of this average have blonde locks compared to the over-whelming majority of predecessors whose eyes were blue.

Better

RODMERSHAM, England, Sept. 10 (AP)—A cave & no-painage, John Gilbert said today, "but it's better than living at home with a nursing wife."

After 20 years of marriage, Gilbert, a 64-year-old retired soldier, left his wife and four children nine months ago and moved into a cave near here with two donkeys named Charlie and Anne.

Gilbert has lived out his cave with wall to wall carpeting, a table and a bed. Pictures of his family hang on the wall.

Boisean Named Coordinator of GOP Campaign

WASHINGTON, Sept. 10—James D. McClary, Boise contractor and treasurer of the Idaho Republican State Central committee, yesterday was named Idaho state campaign coordinator for the Goldwater-Miller presidential campaign.

McClary will handle all Republican presidential activities in Idaho for the GOP national committee, and coordinate these with the Citizens for Goldwater-Miller organization. He will be under the direction of Stanley C. Bludgett, campaign director of GOP region seven, 11 western states.

Shriver Okayed By Senate Group For Poverty Job

WASHINGTON, Sept. 10 (AP)—Senator Shriver received approval yesterday from the senate labor committee as head of the antipoverty program after he indicated to members that he felt he could handle the job along with his other duties as director of the peace corps.

Sen. Jacob K. Javits, R. N.Y., said, "I am afraid it is almost impossible to do justice to both of these monumental affairs."

But Shriver said it would be up to President Johnson to decide if he should continue to hold both jobs.

Javits abstained on the committee's vote, which otherwise was unanimous for Shriver.

Chemist Dies

ITACA, N.Y., Sept. 10 (AP)—William C. Calkins, 50, a chemist who invented the airplane de-icer, died yesterday. Calkins held 40 patents on his de-icer, which allowed aircraft to fly at high altitudes by melting ice that formed on the wings.

Wild Harvest

Americans should sit up and take notice of the growth in juvenile delinquency, juvenile crime and such teen-age rioting as erupted across the nation over the Labor day week-end. Sociologists will have their explanations but there may be something here that's so obvious it needs no explanation.

In some quarters there is a breakdown in home life and parental discipline. In addition to broken homes following the wide acceptance of divorce, so-called modern living leaves a youngster with too much free time on his hands, too much money to spend and, in many cases, fast and ready transportation in the form of an automobile. This combination alone is enough to start considerable trouble. That's not the whole story by any means.

Little has been done in recent years to promote respect for law and order. Adults must accept most of the responsibility. Some set a mighty poor example for their youngsters. The example is set in many ways, ranging from senseless acts of vandalism and destruction of public and private property, all the way to the driver, accompanied by his family, who insists on driving 80 miles per hour in a 50-mile zone. More likely than not children will copy such examples.

Law enforcement officers and courts everywhere had better start realizing they are not above blame. State legislators also must accept their share of responsibility. It doesn't take youngsters long to find out they are pampered by laws, police and courts. With a few notable exceptions, youngsters who run afoul of the law are slapped on the wrists, lectured and told to go home and be good kids. Such treatment won't teach a youngster that he must accept responsibility for his actions. If it has any effect at all, youngsters just take additional precautions to avoid getting caught. This is right along the line of reasoning, quite prevalent today, that a person is punished for getting caught instead of being punished for breaking laws.

Many parents of children who run afoul of the law won't face up to their responsibility. In a good many cases they're primarily responsible for the youngster getting into trouble in the first place. Too many parents neither know nor care where their children are, what they're doing, or with whom they're associating. The widespread practice of not naming juveniles involved in trouble is false protection to both parents and their youngsters. It goes hand in hand with the strange attitude today in which there seems to be more sympathy for the violator than for an aggrieved person or an innocent bystander.

On the other side of the fence, the practice of protecting juvenile lawbreakers is a distinct disservice to those parents who do care where their children are, what they're doing and with whom they're associating. Unless they have personal knowledge of youngsters who have a habit of getting into trouble, they have no chance to advise, counsel or restrict their own children. Wrong association can involve youngsters in trouble that could be avoided by not associating with two or three bad apples.

Really now, is there anything so terribly complex about finding the cause of juvenile delinquency or such rioting as erupted over the Labor day week-end? The nation is simply reaping the crop that it has sown. The nation can be sure of one thing — so long as the present trend of treating juveniles continues there can only be more of the same kind of harvest.

TOUGH ON COACHES

Spectators at many college football games this fall may have a chance to observe coaches in the midst of a nicotine fit. Several months ago members of the American Football Coaches Association voted unanimously to ban smoking on the sidelines. The declared purpose is to improve college football's image, but there's little doubt the rule stems from all the publicity given lung cancer.

Many college football fans could come up with other suggestions that might go farther toward improving the image. They might have suggestions about athlete recruitment, the role of alumni in subsidizing athletes, scholastic pampering of star athletes in some schools and the heavy emphasis placed on football, sometimes to the detriment of the college's primary purpose, education. There's been considerable progress along some of these lines, but there's still plenty of room for improvement.

Smokers will be sorry for the coach who usually consumes up to three packs of cigarettes per game. Long before the season ends this fall many of the coaches will be feeling sorry for themselves. Probably the coaches will change the no-smoking rule before another season. That's right in line with NCAA practice concerning rules. For instance, the coaches might decide no one watches the bench so the smoking ban is useless. Or they might vote a pack-a-game limit. Another possibility is to be relieved long enough to smoke a cigarette. But the best possibility of all is that smoking coaches will ignore the ban right from the start.

WHIRLIGIG

WASHINGTON, Sept. 10 — By now it has become clear that the reaction of the foreign press to Barry Goldwater's candidacy is a two-edged sword, that could unfairly damage his chances in November.

There was nothing much to worry about when newspapers abroad generally greeted Goldwater's nomination with alarm and even insulting words. The American voter usually reacts to this kind of foreign criticism in traditional fashion—he gets his back up. He decides quite properly that no blanket news paper in France or Italy is going to tell him how to vote, and if he had been on the fence he often swings to the candidate being attacked, merely to show those foreigners a thing or two.

KISSES OF DEATH—But there are now increasing complications in the situation. In contrast to the criticism of the so-called liberal foreign press, Goldwater is now receiving unwanted support from groups that are anathema to most Americans. And he is no exception to the political rule that candidates should avoid at all costs anything that could be the kiss of death.

Most of this support has come from a bad lot in Western Germany. These characters are the neo-nazis, the super-nationalists who cry out for the creation of a "super Germany" which would dominate Europe. At one of the extreme right wing, whatever their true views, and all are either publicly or privately anti-Semitic.

EMBARRASSING EMBRACE—Yet, despite the fact Goldwater is half-Jewish, they have embraced him with a kind of fanatical enthusiasm. This is explainable only on the premise they are using Goldwater to sabotage President Johnson.

Meanwhile, this support of the Arizona has been taken up by fascist groups in Spain and Italy, in France, Greece and Turkey, and in West Britain. These groups "associate" themselves with the American conservative movement, which has nothing in common with them and is, in fact, a legitimate child of the nation's unique system of capitalist free enterprise.

REAL DANGER—Barry Goldwater, for all the faults attributed to him by the opposition, is no more interested in making common cause with these political tramps than William McKinley would have been. If he plunges for a strong Germany as a bulwark of European defense, he is not agreeing with those nazi nuts but with the U. S. state department.

Nevertheless, the U. S. is well populated with uninformed voters and the danger is that they will be impressed by false charges that Goldwater is copying up in the fascist-nazi clique. It is the danger that the hawkish press is doing so much to radically alter the Republican image to the voters a choice between two political philosophies. Apparently the Arizona man will have to live with it.

Views of Others

THE NFO HOLDOUT
The effectiveness of the National Farmers Organization's holding tactics is subject to considerable difference of opinion. There are those who think the NFO farmers cannot possibly win, because of the economic or political market the commodities they have to sell.

However, there is one fact about this year's holding action that must be noted. The effort is being given more widespread farmer support than previously. Many responsible and highly rated livestock raisers have joined the campaign to bring higher income to the farmer.

When the farmers inquire why their share of the retail price of meat isn't higher, they usually are told that several factors are involved. One of these is the high cost of processing livestock, and one of the major factors in this is the cost of the farmer's share.

It is logical, therefore, for the farmer to conclude that if collective bargaining and the right to strike are good weapons in the hands of labor, it ought to follow that they are also good weapons in the hands of the farmer. This is the logic of his approach, of course, lies in the fact that the product he wishes to market is already here and the law of supply and demand takes effect. Unlike the union laborer, he has a problem deciding what to do with his livestock while he is holding out for higher prices.

However, the principle is the same and, therefore, the farmer deserves compassion in his attempt to bargain for the income he believes is rightfully his. The law of economics may be against him, and probably the law of supply and demand even more so, but his efforts are commendable.

Yet it cannot be denied that he is on solid ground in his appeal for the same kind of income that belongs to the union worker who produces the produce the farmer sends to market. Mankato (Minn.) Free Press.

QUIET IN BILOXI

The good news out of Mississippi continues. In Biloxi 10 Negro first-graders entered previously all white schools under federal court order. At present, nothing there has been no incident.

Let no one think this just happened. Gov. Paul Johnson conspicuously refrained from interfering. The matter of integration would be left to the local communities. In Biloxi the school board, the Parent-Teacher associations and other civic groups worked hard to keep the transition smooth. The police were on hand. No crowds gathered and no one demonstrated. A new organization called Mississippians for Public Education, which is a state-wide group formed to support the public schools during this difficult period, said that 2,000 members had been enlisted in Biloxi in anticipation of this week.

Consider that most of these people are outwards, at the least, opposed to integration. They are adjusting to the fact that requirements which they have come at them too quickly and under compulsion. But they are adjusting. And they are doing more — actively helping the adjustment by trying to keep it constructive and avoiding anything that would hurt the children and the schools.

It is a handsome citizenship. Granted that Biloxi is less of a hurdle than three other Mississippi areas where the first grades will be integrated by Sept. 24. Granted that in several other parts of the South the same forbearance is being shown. They deserve great credit. But this was the first opening of public schools to all citizens in Mississippi and it is a milestone. Christian Science Monitor.

ANTI-AIRCRAFT EFFORT CORTLY

In the Soviet Union the other day, one F. F. Popov was enjoying a picnic with some fellow Muscovites. Just when things were the most jovial, a crop-dusting plane flew over spraying fertilizer in the food.

"It's Bound to Be a Campaign Issue!"

POT SHOTS

FREE OR?
Dear Diary:
The man said I could go home but "lead a real sedentary life." Guess what he meant was that I could leave cell 608. If I want home and continued to stay in a horizontal position.

I was dressed and ready to leave in nothing flat. Almost sneaked by the guards but one of them spotted me and I had another ride in the wheelchair. Frankly, Dear Diary, I wouldn't admit it to anyone else, but I was glad enough to take that ride. Nine days on your back in prison isn't calculated to turn a fellow into a Samson.

Just wait until some of my friends find out I lost 15 pounds! Won't they turn green?

P.S.
KITTENS FOR KIDS DEPT.
Seven cute kittens of no particular distinction in ancestry, wanted, about six weeks old and all different colors, may be had by telephoning 733-6487.

BETTER BUY CHICKEN

The sagehen season opens Saturday, but not for Pot Shots. It will be the first time we've ever missed a sagehen season. However, the occasion offers a chance to voice an opinion on what Pot Shots has felt for years is almost a crime.

In fact, there are several crimes involved. Many hunters will shoot old birds and then never bother to pick them up. It seems there's been a legend down through the years that it's impossible to eat old birds. One of the best sagehens Pot Shots ever tasted was a huge old rooster that must have weighed nearly five pounds when ready for the pan. A little judicious steaming made the bird tender. There was no other special treatment.

This brings up the next of our pet gripes—Many hunters go to considerable trouble to get sagehens, then proceed to sink them overnight in some solution or other or to "take out the wild taste." Anyone who doesn't want the so-called wild taste of any wild meat should stay home and buy chickens. Then they wouldn't have to go to all that trouble and could have considerable money.

It's true, you'll have a tough or strong tasting bird occasionally, but Pot Shots can remember only one sagehen that tasted unpleasantly strong.

PLANTS FOR FREE DEPT.
I have some sultanas, geraniums and cacti to give away. I have too many to keep over winter. Phone 536-2047 or call at 647 east avenue A in Wendell.

Mrs. Armin Weisman
WHAT SUMMERT?
I heard someone say fall was about here, and if that's so, I'd like to know when summer is scheduled in these parts.

So far as I'm aware, our furnace never stopped running this season. Several times in the last couple of months, the furnace has awakened me in the middle of the night. The face it, Twin Falls just doesn't have summer.

F. Freeze (Twin Falls)
FAMOUS LAST LINE

GENTLEMAN IN THE FOURTH ROW

World Corners

BY PHIL NEWSON
UPI Foreign News Analyst

Another of those privileged sanctuaries which somehow protect an aggressor from a taste of his own medicine has emerged in Southern Asia. It is President Sukarno's Indonesia which regularly and openly sends guerrilla fighters against the Federation of Malaysia's territory in Borneo and twice in the last two weeks has landed small groups of heavily armed fighters on the Malaysian mainland.

U. S. troops encountered the guerrillas during the Korean police action. Although opposed by Gen. Douglas MacArthur, the United States adopted as a deliberate policy a hands-off attitude toward China. In Korea, the policy was designed to prevent a small war from escalating into a big one. The same thinking prevails today, although in each case the powers involved are the United States in Korea and in Laos and South Viet Nam, and the British, Australians and New Zealanders in Malaya.

So far as ambitions go, Sukarno is not believed to want more land than the island of Borneo of which he now has half. In Korea, the policy was designed to prevent a small war from escalating into a big one. The same thinking prevails today, although in each case the powers involved are the United States in Korea and in Laos and South Viet Nam, and the British, Australians and New Zealanders in Malaya.

The question of what to do about it now has been tossed to the United Nations, with the hopes of preventive action remote.

So far as ambitions go, Sukarno is not believed to want more land than the island of Borneo of which he now has half. In Korea, the policy was designed to prevent a small war from escalating into a big one. The same thinking prevails today, although in each case the powers involved are the United States in Korea and in Laos and South Viet Nam, and the British, Australians and New Zealanders in Malaya.

The Doctor Says

BY WAYNE G. BRANDSTADT, M.D.

When Bill was told that he had indigestion, he became unduly worried. He was a local doctor, and he thought that this meant a spasm of his heart, when as a matter of fact it meant the end of his indigestion.

Norman, in this location, there is a valve-like muscle that allows free passage of food into the stomach, but under ordinary circumstances prevents the stomach contents from going back into the esophagus.

In some persons this muscle is not under proper control by the sympathetic (automatic) nervous system and when it should relax to allow food to pass, it closes tightly. This creates a bottleneck—and the esophagus fills up with food which enters the stomach very slowly. Nervous tension is not the primary cause but it can aggravate the condition.

As time goes on the victim's esophagus becomes greatly dilated. As Bill explained it, his food just sat there in his esophagus and often came up into his mouth when he would lie down. Needless to say he was losing weight.

This is a fairly common condition and, although most victims can be treated successfully, some are hard to relieve. In spite of the fact that there is often an emotional factor underlying this disease, tranquilizers do little if any good. On the other hand, warm semi-solid foods pass into the stomach more readily than poorly chewed foods or cold liquids.

When the diagnosis of cardiospasm is made treatments that stretch the tightened muscles should be started at once to prevent further dilatation of the esophagus above the spasm and to prevent inflammation of the esophageal lining.

The stretching can be done gently by passing a series of probe-like instruments through the obstruction, each one larger than the preceding one. Or it may be done suddenly and forcefully by passing a dilator into the obstructed area.

MARQUIS CHILDS WRITES ON WASHINGTON

BY MARQUIS CHILDS
NEW YORK, Sept. 10 — The black ghetto of Harlem and the rich delta of Mississippi's cotton country are widely separated in space and time. But for all their differences, they have certain striking similarities.

At Ruleville in June, at about the time the "lure" of the cotton fields was drawing thousands of workers disappeared I saw the broad, flat landscape almost empty of people.

As recently as 10 years ago he had up to 400 families on his place. Now there are hardly 40, and half of those could be dispensed with. With the advent of the mechanical cotton picker the farmer lost one of his main sources of income. The Negro is being pushed out of the economy.

The department of labor puts unemployment in Mississippi at 25 per cent. This means 25 per cent of those registering for jobs. In Harlem, according to those who know the community, the rate could be 50 per cent, since out of patriotism and apathy many youths feel it futile to join the job search line.

Only about a third of the Negroes in Mississippi are employed. The Harcourt-Ack project is to get them to register—not as "unemployed" or "democrats" but simply to qualify as voters. Several thousand Negroes are registered in the rolls and another registration period comes up in October.

The Harcourt-Ack project is to get them to register—not as "unemployed" or "democrats" but simply to qualify as voters. Several thousand Negroes are registered in the rolls and another registration period comes up in October.

The Harcourt-Ack project is to get them to register—not as "unemployed" or "democrats" but simply to qualify as voters. Several thousand Negroes are registered in the rolls and another registration period comes up in October.

Harvey-Ack shows the dilemma of trying to win back the unwanted in a political light. With the election campaign warning up city hall got a scare. Sensational headlines disclosed that the Harcourt-Ack project was a juvenile delinquency or communist infiltration or a few other things. The whole project on the large Harlem Mobilization for Youth, this could be discredited.

So city hall is saying, in effect, keep out all extremists, Black Nationalists and Black Muslims, as well as the communists who can be easily discredited. And eager men and women are, of course, keep out the communists who are not too difficult, but how are you going to win back your people who have come under Nationalist or communist influence? If you exclude them?

The conservative opposition, which is against any kind of self-help program with government assistance and demands the Negro for assistance, would like to discover some reaction apples in the barrel. But to win young people over and persuade them that there is a chance to break out of the ghetto and find an outlet for their hopes and ambitions who have to take chances. This is the real test of the Harcourt-Ack project.

The immediate struggle of the Negro in Mississippi with the help of the courageous civil rights workers from the North, is for the right to register and vote. In the North, what with apathy and defeatism, widespread crime and drug addiction, the numbers racket and other forms of entrenched corruption, voting seems to mean little.

Only about a third of the Negroes in Mississippi are employed. The Harcourt-Ack project is to get them to register—not as "unemployed" or "democrats" but simply to qualify as voters. Several thousand Negroes are registered in the rolls and another registration period comes up in October.

Copper Firm, Craft Unions Sign Contract

SALT LAKE CITY, Sept. 10 — Two craft unions signed contracts with Kennecott Copper Corporation yesterday, leaving only two others yet to settle before some 6,000 employees can return to work in the Utah copper division.

The breakthrough in the 72-day strike, which at one time had idled 10,000 men in four states, came Tuesday when the United Steel Workers signed and ratified a new three-year contract.

Operations resumed at Hayden and Ray Mines in Arizona yesterday, but the Utah copper division remained shut down pending an accord with the last-ditch holdouts.

A group of employees showed up yesterday morning at the Kennecott refinery and smelter, but they obeyed a craft union picket line and did not enter the facility.

The locals signing contracts yesterday were of the Brotherhood of Locomotive Firemen and Engineers and the Brotherhood of Railway Carmen. The carmen's union local has 44 members.

Negotiations remained unsettled with the International Association of Machinists and the Systems Federation. A number of craft unions, the International Brotherhood of Electrical Workers, though not on strike, also continued talks for a new contract.

Faculty Adds 3 Teachers At Wendell

WENDELL, Sept. 10 — Three new members of the Wendell school faculty are announced by Supt. Ray Turner.

C. Robert Taylor, Idaho Falls, is instructor of algebra, geometry, and commercial arithmetic. Taylor, a native of Maine, received his BS degree from Boston university. His experience includes one year of rural teaching; nine years as mathematics instructor at Caribou high school, Caribou, Me. He served as manager of the Caribou Publishing Company and editor and advertising manager of a weekly newspaper. He moved to Idaho in 1951 and was employed in the printing industry in Idaho Falls.

James M. Toolson, high school English instructor at Wendell, came from the Idaho State college in 1953 majoring in physical education.

Mrs. Toolson spent three years in Germany, returning in 1952. She has had teaching experience in Kentucky and Germany. Her husband, Capt. John M. Toolson, in the army, is en route to Viet Nam. Captain and Mrs. Toolson have one daughter 8 years old.

John M. Trumpeter, formerly of Beaver, Pa., is math instructor for junior high and boys' physical education director. Trumpeter attended the University of Pittsburgh, Pa., and transferred to the University of Idaho at Moscow.

This is his first year of teaching.

Chevrolet Expands Its Truck Line

To meet the increasingly specialized needs of its customers, Chevrolet has expanded its 1965 truck line to 227 models, 131 more than in 1964 and the largest number in history.

"For the next seven years, there has been a growing trend toward assembly line customization of trucks," James E. Conlan, Chevrolet's assistant general sales manager of truck and fleet sales, said in announcing the new line.

"The expanding and changing economy and rising pressure of costs has created a demand for the most efficient possible truck tailored for specific load requirements and operating conditions."

The number of different engines, transmissions, wheelbases, axles, springs and other components has grown steadily along with the introduction of whole new chassis and body designs to give the customer the best possible combination of performance, load carrying ability, and economy for his particular operation.

Largest expansion of the 1965 Chevrolet line is in the steadily developing diesel line. The new diesel lineup will include 140 models, an increase of 126 from last year, and extend down into the one and one-half ton class for the first time.

To meet customer's need for metropolitan delivery trucks with greater load capacity, Chevrolet is introducing two new forward control chassis.

For the important economy truck market, Chevrolet will concentrate on the successful Chevy-Van, introduced early in 1964. New for 1965 is the Chevy-Van in an optional 140 horsepower six-cylinder engine of 230 cubic inches.

Along with the expansion of models and equipment options, Chevrolet has added many improvements to its trucks. New synthetic rubber front wheel bearing seals provide greater protection against moisture and contaminants and together with improved steering knuckle make possible extension of the lubrication interval to 6,000 miles across the entire 1965 line.

News of Record

BOISE, Sept. 10 — Idaho Republican state chairman John O. McHenry said today the reclamation bureau report on the Burns creek project in eastern Idaho is the result of "the hard work, patience and perseverance" of Sen. J. B. Jordan, R., Ida. Member of Idaho's congressional delegation, announced in Washington that reclamation bureau studies indicate the feasibility of constructing a large project that previously had been planned at the Snake river. Jordan, a year ago suggested reclamation bureau studies of the possibility of expanding the project, after the original plan failed to gain congressional approval.

OSCARADE, Sept. 10 — Carl Holtenberg, McCall, was reported in critical condition today from state hospital. He was holding Oscar Leonard Chase for investigation in connection with the incident. The sheriff said Holtenberg drove his car to the McCall hospital Tuesday night and told attendants he had been stabbed. He said the incident occurred in an alley behind a tavern in McCall. Logue said Chase was picked up by police and taken to McCall. He is being held in the Valley county jail in Oscarade.

BOISE, Sept. 10 — Idaho must increase its governmental expenditures if it is to keep pace with other states. Gov. Robert E. Smylie said yesterday. He told a membership meeting of the Great Idaho Chamber of Commerce that the state's future is bright but that it must "make a little more, do a little more work, but together a little more closely, or one of these days 'The party will have passed us by.'"

Smylie said Idaho's over-all tax burden is among the lowest, on a per capita basis, of any in the West. "Even though it is extremely ill-assorted. We spend a great deal more for booze and tobacco than we do for governmental services."

BOISE, Sept. 10 — Rep. Ralph Harding, D., Ida., says he will continue to press for construction of a federal transmission line to bring Bonneville power administration electricity to southern Idaho. Speaking yesterday at a Boise Lions club luncheon, Harding said the line would be a "great boon to Idaho" in the "best interests of Idaho and the Idaho power company."

Harding said the favored federal aid to education because he is convinced the state and local units of government are no longer able to meet the growing needs of education.

IDAHO FALLS, Sept. 10 — Jack Carey, an Idaho Falls business and candidate for state representative, was appointed yesterday to handle arrangements for a state representative convention. Carey said he will be in Idaho Falls Sept. 23. Appointment of Carey was announced by Ray Robbins, district Republican chairman. Asst. Carey will be Mrs. Onelia Austin, Dennis Olsen and Mrs. James Smith. The Bonneville county Republican central committee will host a breakfast at which Miller will speak.

IDAHO FALLS, Sept. 10 — At least a dozen state legislators are expected for a seminar Friday at which financial problems of Idaho school districts of and Bonneville school districts will be discussed. Supt. Ben Jack A. Wood and state Rep. L. Devon Sanderson are sponsoring the seminar to help inform legislators on the financial problems of Idaho schools. Wood said among those who expected to attend is state Sen. William Dee, D., Ida., senate minority leader.

BOISE, Sept. 10 — Proposed legislation that would prohibit construction of dams or recreational facilities that would obstruct steelhead and salmon runs on the Salmon river has been endorsed by Idaho conservationists. The action was taken at a meeting in Boise called by the National Wildlife Federation to discuss recreational development in Idaho and establish priorities for problems needing congressional action.

POCATELLO, Sept. 10 — Frank Bud Dumont was sentenced to 20 years in the Idaho state penitentiary yesterday for kidnapping a 15-year-old Pocatello girl last Oct. 30. Dumont, 42, was convicted last week. Fifth district Judge Gary Anderson passed sentence. Dumont gave him no more than 25 years on second degree kidnapping and not more than three years on aggravated assault, with the sentences to run consecutively. The sentences imposed were the maximum allowed by law. "Your record, Mr. Dumont, doesn't leave me much choice in passing sentence," Judge Anderson said. Dumont's attorney, George L. Bennett, Idaho national guard, said he was in his car last Oct. 30 when he was walking home from school. He let her out of the car later after an alert neighbor spotted him. Dumont was arrested last April in Tucson.

BOISE, Sept. 10 — Veterinarians of nine western land-grant colleges and universities have agreed to have a regional conference to discuss the control of various other infectious diseases. Richard D. Ensign, associate director of the University of Idaho agricultural experiment station, told the veterinarians at a conference in Boise yesterday that there is a need for a joint effort in attacking the problem of livestock health. He said considerable research is being done but that 10 to 20 per cent losses due to infectious diseases are reported in many livestock areas.

BOISE, Sept. 10 — Six army officials have been asked to locate pontoons to replace temporarily a washed-out U. S. forest service bridge on the Salmon river at Log Creek, six miles east of Blaine. Capt. George L. Bennett, Idaho national guard, commander, asked the army to check its inventory for pontoons after being requested by Idaho county Commissioner R. D. Williams to aid in reopening the road to the central Idaho primitive area. Bennett said the pontoons would be used to construct a temporary bridge or to fashion a ferry capable of transporting cars.

BOISE, Sept. 10 — The Idaho veterans affairs commission yesterday skipped consideration of plans for a new state veterans home because of the absence of a majority of members. Henry Hohnhorst, Boise, the commission chairman, was prevented by illness from attending the meeting, leaving only two members present. E. Elliott, Coeur d'Alene, and Paul C. Brown, Piler, said they discussed only routine matters and took no action on the plans. The meeting had been called to consider changes in plans worked out at a Tuesday meeting with Public Works Commissioner Arthur Warren. The changes were designed to reduce the cost of construction of the home.

BOISE, Sept. 10 — A joint effort by parents, educators and motorists aimed at reducing child traffic deaths and injuries has been proposed by state police Supt. A. E. Perkins. Perkins said schools have done a good job in promoting safety-mindedness but that children do not have adult judgment and that even the best trained youngsters may sometimes be unpredictable in traffic situations. "This is where the motorist must do his part by being especially alert near schools and playgrounds, in residential areas and any place children might be expected to gather," he said. Perkins said parents can help by regulating the activities of their children. "He warned that parents who disregard traffic safety rules can expect their children to reflect their indifference."

Californian Describes His Accident

VERNON, Calif., Sept. 10 — "My stationwagon literally fell apart," George L. Long, 39, said. "The body of the wagon was torn apart, and before I knew it there was a young woman whom I had never seen before crying hysterically by my side. 'Ma! I just had a few scratches. Then someone helped me out of the wagon and I knew I was all right. It was as simple as that.'"

This was how John Robert Byrnes, 39, Long Beach, Calif., described his near-miraculous escape Tuesday night when his stationwagon—going 65 miles an hour—struck a guard rail on the Long Beach freeway and almost disintegrated.

Investigators said pieces of the vehicle were strewn 300 feet along the highway and the engine dropped onto a surface street 30 feet below the freeway.

Byrnes said he lost control of his wagon when it started to swerve because the car in front of him was going too slow.

Authorities were unable to identify the hysterical woman, an apparent passerby.

Byrnes said he first noticed her as he was having trouble getting out of his wrecked stationwagon.

SHINING WHITE in the morning sun is the new motor-inn addition to the Rogerson hotel on Second street east. Motorists can drive in and register from their cars. An open house is scheduled for Wednesday. (Times-News photo)

News of Record

Johnson to Meet With Canadian

WASHINGTON, Sept. 10 — The White House confirmed yesterday that President Johnson plans to meet Prime Minister Lester Pearson of Canada in Great Falls, Mont., next Wednesday for a trip to ceremonies along the Columbia river treaty.

The site of the ceremonies is the International Peace Arch on the U.S.-Canadian border. There, the two heads of state will confer with representatives of both countries concerning implementation of the treaty.

Sen. Warren G. Magnuson, D., Wash., said that he and Sen. Mike Mansfield, D., Mont., would accompany the President on the flight from Washington.

Gov. Albert Roellin of Washington said that he had asked to meet the President and Pearson at Great Falls.

The treaty was negotiated by the two nations four years ago. The senate ratified it in 1961, but the parliament did not approve the document until earlier this year.

Under the treaty, Canada will receive 244 million dollars in private funds from U.S. interests to pay for the U.S. share of power to be produced by dams in Canada.

A combination of public and private power companies in the United States has been formed to raise the money to pay Canada for the electricity.

Two Enlist

Two Magic Valley men have enlisted in the Air Force. They are Robert D. Reese, son of Mr. and Mrs. Harry J. Reese, and Charles P. Winnett, son of Mr. and Mrs. Charles E. Winnett. Gooding, both are taking basic training at Lackland Air Force Base, Fla.

Open House Set

A new automatic copying machine market will be introduced in the Twin Falls area by Finch's. The machine is a 3M company, St. Paul, Minn., serving as the dealer in Southern Idaho and eastern Oregon for Thermo-Fax copying products.

Marcia Haskell Is Bride of Jacob Jensen

Marcia Lynn Haskell, daughter of Mr. and Mrs. Eldon J. Haskell, Twin Falls, became the bride of Jacob A. Jensen, Jr., son of Mr. and Mrs. Jacob A. Jensen, Emmett, in rites solemnized Aug. 31 at the Idaho Falls LDS temple.

Accompanying the couple to the temple in addition to their parents were Mr. and Mrs. David E. Haskell, Rupert; Mr. and Mrs. Jay E. Haskell, Burley; Mr. and Mrs. Oscar Hellewell, Twin Falls; and Mrs. Calvin Nelson, Paul.

Following the ceremony, a wedding luncheon for the bride and groom was given at the Westbank hotel dining room hosted by the bride's parents.

The couple greeted guests at a reception held at the Twin Falls second ward LDS cultural hall. Guests were greeted before an archway of greens flanked with baskets of pink gladioli, carnations and red roses.

The bride wore a gown of imported Chantilly lace, fashioned with a fitted bodice, long tapered sleeves and a neckline of hand-clipped lace. Her hair was styled in a soft, wavy fashion.

Her short, bouffant veil of sheer tulle was edged with a row of white pearls and cut crystals. She carried a cascade bouquet of pink carnations and red roses.

Maid of honor was Holly Haskell, sister of the bride. Bridesmaids were Joyce Jensen and Janice Jensen, sister of the bridegroom, and Nancy Hellewell, cousin of the bride. They wore identical floor-length dresses of rose crystal tulle with white lace and cut crystals.

Each carried a single giant pink chrysanthemum.

Walter (Buz) Parris, Glenn Ferry, college roommate of the bridegroom, was best man. Others were Don Jensen and Glen Jensen, brothers of the bridegroom; Ronald Hellewell, Twin Falls, cousin of the bride; and Paul Ollmeyer, Glenn Ferry.

The bride's mother wore a blue lace suit enhanced with a cascade of white carnations and pink roses. The bridegroom's mother chose a blue crepe and lace ensemble accented with a cascade of white carnations and pink roses.

Mavis Haskell, cousin of the bride, registered the guests. Kathy Pankett presided at the gift table, assisted by Cheryl Victor, Neda Hatch and Deanna Haskell.

The bride's table, covered with embroidered organza, was centered with a four-tiered white and pink wedding cake. The cake was topped with white satin wedding bells and was encircled at the base by red happiness roses and greenery. Flanking the cake were cherub pedicel vases holding arrangements of pink gladioli, carnations and red roses.

Presiding at the serving table were Mrs. Oscar Hellewell, Mrs. Jay E. Haskell and Mrs. Calvin Nelson.

Guests were served at quarter tables centered with small, cherub vases, each holding a single red happiness rose.

Assisting with serving were Linda Hall, Kay Swenson, Carol

Mrs. AND MR. JACOB A. JENSEN, JR. (Shig Morita photo)

Holly Haskell and Linda Kerbs. Jay E. Haskell, Burley, brother of the bride, was master of ceremonies for the program.

The bride chose a blue sheath dress with white lace overlay and a matching accessories for her wedding trip.

The couple will reside in Boise. The bride is a graduate of Twin Falls high school and attended Ricks college. The bridegroom has fulfilled an LDS western states mission and has attended Ricks college.

Pre-nuptial services are honoring the bride include parties given by Mrs. Sherman Swenson and her daughter, Kay, Mrs. Doyle Hellewell, Marcia Snow and Pauline McCracken.

A reception was held Aug. 12 at the Leah ward cultural hall, Emmett, hosted by the bridegroom's parents.

Bridal consultant was Doyle McIntee.

Corn Husking Party Held

CARLEY, Sept. 10 — The LDS Mutual social was held at the Carey rodeo grounds. A corn husking party with French bread and cantaloupe was attended by more than 100 youngsters.

The evening entertainment was under the direction of the activities committee, with Mrs. Verda O'Crowley in charge.

Two Students Give Recital

BURLEY, Sept. 10 — Robert D. Burley, Burley, presented Jeanette Brady and Marilyn Brady, daughters of Mr. and Mrs. Len Brady, Hazelton, in a recital at the Burley studios.

Marilyn Brady is a student at Paul elementary school. Jeanette Brady is a 1964 graduate of Minico high school. She plans to attend Ricks college this fall.

Jeannette performed on the piano in the Miss Rupert contest and won the title of Miss Congeniality.

At the conclusion of the recital, guests were served refreshments by Mrs. Carl Scott, Pocatello. The tea table was decorated with flowers of the fall season.

Social Events

Golden Age club will meet at 7 p.m. Friday at the DAV hall. Bring own table service.

GOODING — Melody Squares will dance at 8:30 p. m. Saturday at the Gooding Grange hall. Myron Illus will call. Bring sandwiches or dessert. All square dancers are invited.

JEROME — Odds and Ends Square Dance group, Jerome, will start dancing regularly the first and fourth Saturday of each month at the old Scout house, Jerome. The first dance will be held at 8:30 p. m. Saturday. Lavern Schroeder will call. Bring dessert or sandwiches.

FILER — Filer chapter No. 40, Order of Eastern Star, will have its first meeting of the fall season at 8 p.m. Wednesday.

GLENN FERRY — Lady Engineers will meet at 2 p.m. Friday at the home of Mrs. Francis Goodman. Mrs. Goodman and Mrs. Dan Sullivan are co-hostesses.

North End Club Reports Meet

RICHFIELD, Sept. 10 — North End club members held their September meeting at the home of Mrs. Stanley Weyman, Burley.

Mrs. Odell Chatfield is hostess for the Sept. 17 meeting to be held at the home of her mother, Mrs. Richard Johnson, Scandia. Luncheon dishes will highlight the luncheon.

Open House Set

DISTRICH, Sept. 10 — An open house will be held from 2 to 4 p.m. Sunday at the home of Mr. and Mrs. Ed Anderson in commemoration of their 50th wedding anniversary.

Friends are invited to call and the couple requests no gifts.

Carol Hancock, Roland Reveal October Plans

RUPERT, Sept. 10 — Mr. and Mrs. David Hancock, Lemme, Calif., announce the engagement of their daughter, Carol, to Robert L. Roland, San Diego, son of Mr. and Mrs. Gordon H. Roland, Rupert.

The bride-elect, a graduate of Grossmont high school, attended San Diego State college and was graduated from San Diego college for dental assistants. Roland is a graduate of the University of Idaho and is employed by the State of California.

An Oct. 24 wedding is planned in the El Cajon First Methodist church.

"MIA World's Fair" Program Held in Area

SHOSHONE, Sept. 10 — "LDS MIA world's fair" was held for the fall social of the LDS MIA at the church. The recreation hall was divided into areas wherein there were displays and activities representing Japan, France and the American Indians.

Mrs. Howard Knowles, activity counselor, was in charge of the evening's activities, and directed the France area, specifically, assisted by Mrs. Loren Brazell.

Mrs. Del S. Hlatt and Mrs. Richard Sorenson were in charge of the Japan area, which Japanese food was served under supervision of Mrs. Raymond Yankaka. There were displays of Japanese articles. The guests sat upon cushions on the floor, wore paper shoes and were served by Mrs. Hlatt and Mrs. Sorenson, who wore Japanese costumes.

The American Indian area was under direction of Conrad H. Thomas, who was costumed in authentic Indian-LDS missionary clothing and showed slides taken while serving 17 months on the Duck Valley Indian reservation. The history of the American Indian was displayed, along with personal items he had purchased or been given in handwork of the Indians there.

In the France area, guests were treated by waiters, Lloyd Knowles and Melvin Trammel. M. J. Dille provided the background music. Noel Johnson directed special games as the tours progressed to the various countries.

Regular MIA meetings will be held each Wednesday at 8 p.m. at the church. Next week, the theme for the year will be introduced in a special presentation form during opening exercises, under direction of Mrs. Glen Croft.

Shoshone Card Clubs Report

SHOSHONE, Sept. 10 — Mrs. Martine Oneda was hostess for the Tuesday 12 club. Mrs. Richard Gentry was a guest.

ANN REDFORD

Ann Redford Reveals Troth

RUPERT, Sept. 10 — Mr. and Mrs. Keith D. Redford, Weiser, announced the engagement of their daughter, Ann, to Daniel Slavin, son of Dr. and Mrs. Daniel Slavin, Rupert.

Miss Redford is a graduate of the University of Idaho, where she was affiliated with Kappa Alpha Theta sorority.

Slavin is a graduate of Minico high school and the University of Idaho, college of law. He is a member of Phi Gamma fraternity. He will be affiliated with the Idaho supreme court, Boise.

The wedding date has not been set.

Prizes were won by Mrs. Oneda and Mrs. Ed Mathison. Mrs. Robert Hatdock was hostess for the OK Bridge club at 8 p.m. dessert. Mrs. Joe Bertochon was a guest. Prizes were won by Mrs. Richard Mabbitt, Mrs. Myron Johnson and Mrs. Roger Freeman.

Miss Hammer, Massey Recite Marriage Vows

GLENN FERRY, Sept. 10 — Sharon Hammer, daughter of Mr. and Mrs. Rod Hammer, Mountain Home, was married Aug. 14 to Stanley Massey, son of Mr. and Mrs. Stanley Massey, Glenn Ferry. The double ring ceremony was performed by the Rev. John Slavin at the First Baptist church, Mountain Home.

The bride, given in marriage by her father, wore a full-length gown with chapel-length train of sheer white nylon over postle robe, styled with a high empire waistline and embellished trim of sequins and pearls. Her fingertip veil fell from a crown of sequins and pearls. She carried a cascading bouquet of white chrysanthemums.

Gayle Hammer, sister of the bride, was maid of honor. Marjorie Hammer, sister of the bride, and Sheila Anderson, Boise, were bridesmaids. They wore yellow brocade nylon gowns with bell-shaped skirts and each carried a bouquet of yellow and white chrysanthemums.

Bill Spangler, Boise, was best man. Ushers were Ronnie Millic and Dale Cantrell.

Miss Hammer is a graduate of the College of Idaho. She is employed by the Mountain Home school district. Massey attended Glenn Ferry high school and is employed by Phillips Petroleum company.

Club Convenes

SHOSHONE, Sept. 10 — Mrs. Morris Gerard was hostess for OOR Bridge club at 8 p.m. dessert, as a party in honor of Mrs. Elizabeth Ferebauer, who is visiting here. Mrs. Charles Pendleton was co-hostess.

Card prizes were won by Mrs. Richard Mabbitt, Mrs. William Trammel and Mrs. William Trammel.

Mrs. Delbert Gehrig is hostess Sept. 10.

FAT OVERWEIGHT

Available to you without a doctor's prescription, our drug called ODRINEX. You must lose ugly fat or your money back. No strenuous exercise, laxatives, massage or taking of so-called "reducing" pills or capsules, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Your weight must come down, because as your own doctor will tell you when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX costs \$3.00 and is sold on this GUARANTEE: If not satisfied for any reason just return the package to your druggist and get your full money back. No questions asked. ODRINEX is sold with this guarantee by TROLINGER PHARMACY, Twin Falls. Mail Orders Filled. Adv.

Magie Valley Favorites

MRS. HELEN G. COLEMAN
242 Washington street, Gooding

Applesauce Cake
Put in mixing bowl:
1 cup each, brown and white sugar
1 cup shortening
1 cup raisins
1 teaspoon each, cinnamon, nutmeg and salt
1 teaspoon cloves
Put two teaspoons soda in two cups hot, unsweetened applesauce. Mix well with other ingredients until shortening is melted.

Add four cups flour. Bake in 25x9 degree oven for about one hour. Dates and nuts may be added.
(Note: Mrs. Coleman says this recipe is over 50 years old.)
The Times-News will pay \$1 each week for the "Magie Valley Favorites" if you have interesting recipes. Just mail it to Mrs. Helen G. Coleman, Women's Page Editor. The recipe becomes the property of "The Times-News" and cannot be returned.

4 Accidents Are Reported In Minidoka

RUPERT, Sept. 10—Four accidents were reported in Minidoka county by officers today.

The city police reported two accidents within the city limits, with no injuries.

At 10:15 a 1954 Ford driven by Agustin Aguilar, 37, Rupert, was cited for driving without a driver's license after a two-car collision at the intersection of Second and D streets at 1:30 p.m. Sunday.

The 1954 Ford driven by Agustin Aguilar, 37, Rupert, collided with a 1954 Ford driven by Keith Throeger, 23, Rupert, causing extensive damage. Damage was estimated at \$700 to the 1954 Ford and \$350 to the 1954 Ford.

Early Sunday morning a 1958 Ford driven by Janis R. Jackson, 19, Rupert, and owned by Mrs. Sylvia Pierce, collided with a 1951 Chevrolet pickup truck owned by Leo M. Aljandrez, 37, Burley. Aljandrez was cited for improper backing at F and 6th streets, and causing an accident. The sheriff's office reported the accident with no injuries.

Two cars were involved in a collision at 9 p.m. Monday, one-half mile west on highway 25, Richard Wright, 21, Rupert, operating a 1951 Volkswagen, and officers of the Idaho State Police. The car was pushing it off the road when a second vehicle pulled up behind to offer assistance.

Walter J. Frye, 37, Idaho Falls, stopped and the 1954 Chevrolet pickup truck it was operating was rammed by a 1950 Chevrolet driven by Philip Jones, 41, Paul. The impact plowed the 1954 Chevrolet pickup truck into the Volkswagen.

Seconds later a 1950 Oldsmobile operated by Louis G. Donno, 20, Rupert, rammed the Chevrolet pickup.

Damage to the left rear of the Volkswagen was estimated at \$100. Damage to the truck bumper and front end of the pickup truck; \$250 to the front and rear of the 1950 Chevrolet driven by Jones and \$100 damage to the right front side of the Oldsmobile.

Also Monday at 12:30 a.m. four miles south of Rupert on highway 24, John Stanley, 18, Murtaugh, was cited for following too closely.

Paul Johnson, 26, Burley, told officers he was driving west on the highway and slowed for a deer. The 1954 Pontiac he was driving was rammed from the

Suspiciously

SPRINGFIELD, Ill., Sept. 10—A clerk in a box depot eyed William Janowitz suspiciously as he described the contents of his pay locker.

Janowitz, 30, of Columbus, O., had told the clerk he had lost his key, and the clerk asked him what was in it.

Lock picks, glass cutters and a hacksaw blade. The clerk called police, who arrested Janowitz.

Janowitz waived an extradition hearing yesterday and was returned to Columbus, where he faces burglary and theft charges.

Moose Unit Gets Plaque For Service

Last year 73 new cases of cancer were reported in Twin Falls county, with 58 deaths. James H. Worley, Boise, executive director of the Idaho division of the American Cancer society, said here Wednesday.

He was in Twin Falls to present a plaque to the Women of the Moose lodge No. 18, Twin Falls, for their work in the cancer fund drives in past years. The presentation was made to Mrs. Claude Severi, junior graduate regent.

The official pointed out the Twin Falls unit of the American Cancer society raised \$4,241.00 last year, which is a 100 percent increase over last year. Funds are used for research, to find a cure for the disease; education, to encourage people to seek medical help while cancer is still curable; and service to the indigent cancer patient.

These services, he noted, include transportation and maintenance at a cancer treatment center, dressings to be used in the home and sick-room equipment.

An educational film on cancer will be shown to the Moose lodge Dec. 8.

Year by the 1955 Ford sedan driven by Stanley.

Stanley reported he was unable to stop in time to avoid the collision.

Damage to the Ford was estimated at \$150 and damage to the rear end of the Pontiac was \$100.

Classes Name New Officers At Murtaugh

MURTAUGH, Sept. 10—Student council and class officers have been elected at Murtaugh high school for the school year.

Brian Ward is president of the student council; Lenny Dangler, vice president; Pat Stacey, treasurer; Donald Perkins, secretary; and Blake Turner, reporter.

Class officers are senior—Alan Okelberry, president; Jay Moyes, vice president; Marvin Greco, secretary; Laniell Matthews, reporter; and Steve Morgan and Linda Reese, class representatives.

Junior—Mark Cummins, president; Judy Ledbetter, vice president; Debbie Perkins, secretary; Carol Bailey, reporter; and Paul Morgan and Sharon Peterson, class representatives.

Sophomores—Dud Bailey, president; Ronnie Alderson, vice president; Valle Savage, secretary; Keith Coates, reporter; and Brian Peterson and Janet Tilly, class representatives.

Freshmen—Albert Lutz, president; David Lemon, vice president; Dennis Ruffelt, secretary; Mike Mitchell, reporter; and Billy Neuberger and Susan Hogue, class representatives.

Lenny Dangler was elected PFA president; Brian Ward, vice president; Steven Morgan, secretary; and Chris Peterson, reporter.

Rita Watts was elected PFA president; Carol Bailey, vice president; Kathy Quenell, treasurer; Patsy Blurry, reporter; and Letha Bates, secretary. Donna Egbert, hostess, and Carin Reese, degree chairman.

Hansen Board Hires Teacher

HANSEN, Sept. 10—Alfonso Sanchez, Newcastle, Wyo., has been hired to teach Spanish, social studies, physical education, act as basketball coach and assist with football coaching, making a full teaching staff for Hansen schools, Supt. William O. Barnard reports.

He assumed his duties Monday. Barnard also noted there are more than 300 students enrolled in the Hansen schools with 114 students enrolled in high school.

Drawing Set

WENDELL, Sept. 10—The Red Cross blood bank will be in Wendell for the semi-annual visitation from 10 a.m. to 2 p.m. Tuesday at the American Legion hall on South Idaho street.

Mrs. Harold P. Hoelinger is chairman of arrangements.

Tyran Atwood, construct a car-

PHUOC VINH, South Viet Nam, Sept. 10 (AP)—Twenty Americans flying five helicopters fought a five-hour battle Monday with a communist Viet Cong crew firing one 80-caliber machine gun, and failed to silence it, informed sources said yesterday.

the lone machine gun was hidden and had a maximum effective range more than double that of the helicopters' 30-caliber guns and 2.75-inch rockets.

—By the book, the battle 25 miles northeast of Saigon on the edge of the communist-infested D zone, probably should not have

The action capuled frustrations plaguing U. S. efforts to help the South Vietnamese armed forces crush the red guerrillas.

The battle was weighted in the Viet Cong's favor because

at 11:15 a.m. when three copters were looking for a Viet Cong ambush force just south of Phuoc Vinh. An American gunner spotted activity and fired a burst from his weapon. The Viet Cong opened up, sending one slug through the barrel of the gunner's weapons and another through a rotor blade of his wing.

More effective weapons were available in the hands of the Vietnamese army and air force. But because of red tape and an apparent lack of aggressiveness and overcentralization of command on the Vietnamese side, they were not brought to bear when needed.

The duel between the helicopter and the machine gun began

The helicopter men watched angrily while the four planes expended their explosives in the distance. The helicopters also called for artillery support.

The three copters made quick firing passes and radioed to four Skyraiders flying in the area, asking for a napalm and rocket attack. The Skyraiders, flown by government pilots, refused to change their mission. That mission was a strike only a few miles away in an area which the helicopters patrolled earlier in the day and found clean of guer-

Vietnamese regulations require an artillery spotter plane with a Vietnamese observer to guide all fire missions. The spotter plane and an American pilot were ready to go. But no Vietnamese observer could be found and so the guns remained silent.

At 4:30 p.m., the Vietnamese air force finally showed up, hurling rockets, napalm and machine-gun bullets into the area. When the planes and helicopters departed, the gun was still firing.

"By conventional war standards, a single 50-caliber gun isn't much," a pilot said. "But in Viet Nam, it's a major contribution for our side. It's the communists get enough of those things that it could mean the end of helicopter effectiveness in key areas."

As the copiers returned to their base in Saigon there was much chatter over the radio about getting a Vietnamese observer into a spotter plane to guide artillery fire.

American League Owners Reaffirm Sale of Yanks Despite Antitrust Threat

BOSTON, Sept. 10 (AP)—The American league reaffirmed the sale of the New York Yankees to Columbia Broadcasting System Wednesday, amid charges of "railroading" and serious doubts about exemption from possible anti-trust action. The 8-2 vote with Charles O. Finley and Arthur Allyn dissenting, was the same by which the owners had approved the deal Aug. 13 by telegraphic and telephone ballot. "Without a doubt the vote was railroaded through," said Finley, owner of the Kansas City Athletics.

Twins' Early Assault Beats Chicago 5-2

MINNEAPOLIS, Sept. 10 (AP)—Minnesota charged 17-game winner Jim Pizarro with an early barrage and rode Jim Grant's six-hit pitching to a 5-2 victory over Chicago Wednesday night dropping the White Sox one game behind Baltimore in the American league race.

The Twins spotted the White Sox a 2-0 first-inning lead, then roared back to rout Pizarro with six hits good for five runs in the second and third innings.

Minnesota tied the second one-run and scored on Earl Dittmer's single.

The Twins broke the deadlock with three more in the third inning. Harmon Killebrew walked and both scored on Bob Allison's triple to right. Allison then scored as Hall fouled out to left field.

Chicago's only run came in the fourth on a single by Dick Hall.

Orioles Swap Victories With Solons

WASHINGTON, Sept. 10 (AP)—Willie Kirkland hit a two-out homer in the ninth inning, giving Washington a 4-3 victory over the American league-leading Baltimore Orioles and a split of their two-night doubleheader Wednesday.

The Orioles won the opener 6-2 as Doug Powell hit a pair of two-run homers.

Powell also had three singles in the nightcap and was involved in all three Baltimore runs, but Kirkland's blow off his performance.

Washington's victory was aided by a pair of errors by Baltimore's infield.

Torre Powers Braves Past New York 7-4

NEW YORK, Sept. 10 (AP)—Joe Torre drove in four runs with three hits and Tony Cloninger pitched a four-hitter as Milwaukee whipped the New York Mets 7-4 Wednesday night.

Torre's double across the plate in the first inning, drove in two more with a bases-loaded single in the third and completed his performance with a run-scoring double in the eighth.

TWO BIG REASONS for the Idaho State Bengals football team being rated the best in the school's history by coach Babe Caccia are these two linemen, Jim Anaya is a 200-pound guard from Santa Clara, Calif., and Carl Humphreys, 224-pound end, is from Fresno. These two and the Bengal club will open their 1964 season Sept. 19 by leading Omaha. Tickets for ISU home games are available at the Hagerman coffee shop, Twin Falls, and Morgan's Hardware, Burley.

T.F. Prepares for Las Vegas Battle

With the hope of avenging a pair of shellackings several years ago, the Twin Falls Bruins are pointed toward an invasion of Nampa and a Saturday night game with Western high school of Las Vegas. The Bruins last visited that town in 1957 and 1958 and were bombed by lopsided scores and although Paul Ostyn had replaced Bob Hilliard at the Bruin helm since then, coach Ostyn is helping the boys remember. The itinerary called for the club to leave late Thursday night, and conduct a light workout Friday before watching the Borah Lions meet Las Vegas high. Saturday will be the Twin Falls-Western game.

"We know very little about them except they have some boys back from a club that went into the finals of their state playoff last year," coach Ostyn said. "Actually they know more about us as I understand a coach from this kind of football down there," he added.

"I am told they have good team speed and their backfield is fast. I expect a lot of flankers and blockers and some pro-type slot formations as they go for that kind of football down there," he added.

The Bruins may have 210-pound halfback Alan Brown for the game, Brown missing the opener due to a tender knee. However, his work is cut out for him as his replacement, Tom Lynch, romped for 144 yards in seven carries, including one 85-yard touchdown scamper against Buhl. He also caught a touchdown pass.

"Right now the most we plan to do with Brown is maybe give him a little testing. We want to win this one but we have to think more about the conference. And we want a healthy Brown when that starts," Ostyn said.

Following the Buhl game coach Ostyn began putting his charges through more downfield blocking and pass defense drills. "Our offensive effort against Buhl was good but sometimes apologetically we made mistakes, particularly on our flat passes. Our downfield blocking was seldom good," he summed up.

He was pleased with the ball-carrier passing and running. Quarterback John Anderson completed five of 10 attempts to four different receivers and two went for touchdowns.

THURSDAY SIGNS
SAN FRANCISCO, Sept. 10 (AP)—Ace rebounder Nate Thurmond has signed with the San Francisco Warriors for his sophomore season in the National Basketball association, the club announced Wednesday.

Radatz Ties Record; Sox Edge Indians

CLEVELAND, Sept. 10 (AP)—Dick Radatz's two-run homer in the 10th inning, his third hit of the game, carried the Boston Red Sox to a 6-5 victory over Cleveland Wednesday night. Radatz, who had struck out and doubled previously, hit a homer off Ted Abernathy, who Felix Mantilla singled.

Dick Radatz, tying the American league by making his 7th appearance, got the victory for a 14-9 record.

The major league record for most appearances in 74 set by Philadelphia's Jim Konstanty in 1950. Stu Miller of Baltimore set the AL record last year.

Radatz's homer came in the 10th inning, his third hit of the game, carried the Boston Red Sox to a 6-5 victory over Cleveland Wednesday night.

Vandals Switch To Conditioning

MOSCOW, Sept. 10 (AP)—Idaho football coach Dee Andros substituted strenuous drills for scrimmage action Wednesday as the Vandals continued to add new plays to their offense.

Andros viewed films of Tuesday's scrimmage but said he wanted another look along with some heavy contact work before deciding on any changes in the lineup.

The Vandal coach has made only two personnel shifts in 14 practices.

The offense Wednesday ran pass patterns and the defense worked on pass coverage.

Lowie Wants to Leave San Diego

SAN DIEGO, Sept. 10 (AP)—Yankee Paul Lowie, the American Football league's comeback player-of-the-year in 1963, said he would like the San Diego Chargers to trade him.

He said there is "too much pressure" on him in San Diego.

L.A. Powers To 8-1 Win Over Giants

SAN FRANCISCO, Sept. 10 (AP)—Willie Davis' grand slam homer and a three-run blast by Frank Howard powered Los Angeles to an 8-1 victory over San Francisco Wednesday behind the five-hit pitching of Don Drysdale.

Drysdale posted his 17th triumph against 13 defeats, limiting the Giants to a run in the fourth inning on a bases-loaded walk to pinch hitter Willie McCovey.

Los Angeles' (8-1) won 8-1 over the Giants (13-10).

Nugent Still Critical of Grid Rules

COLLEGE PARK, Md., Sept. 10 (AP)—There are going to be some college football injuries this season traced directly to the substitution rule, predicts coach Tom Nugent of Maryland.

"I've got a lot of hurt, not coaches are going to be forced to keep certain players in there," Nugent claimed Wednesday.

He is highly critical of refusal of the rules committee to return to the unlimited substitution of a dozen years ago.

"The new rules are better than they were, but they should have gone all the way," Nugent said.

Nugent is determined to use one team strictly on offense and another on defense. Maryland has spent a good deal of time practicing stopping the clock.

"In addition to our four time outs each half, we are practicing punting out of bounds, running out of bounds on punts and even throwing the ball to the sidelines after a punt, which is legal," Nugent said.

"We will even take penalty to delay the game and change teams. If it's fourth and eight, it may as well be fourth and thirteen since you're going to punt."

Nugent suspects the players will be the things into their own hands "if all honest means of stopping the clock are exhausted."

Nugent suspects the players will be the things into their own hands "if all honest means of stopping the clock are exhausted."

Pirates Drop Redlegs 4-1 Behind Veale

PITTSBURGH, Sept. 10 (AP)—Pittsburgh's Bob Veale won his 16th game and ran his season streak total to 200 as the Pirates defeated Cincinnati 4-1 Wednesday night.

Veale, who has lost 10 games, was tagged for 13 hits but scattered them and held the Reds scoreless after the first inning before leading one-out help from McEwen in the ninth.

Cincinnati's (10-11) lost 4-1 to Pittsburgh (16-12).

Historical Group Gets Centennial Funds

Museum fund of the Twin Falls County Historical Society was \$1,500 richer Thursday following presentation of a check for that amount to Edward R. Smith, president of the society.

At the same time it was announced that the Shoshone falls viewpoint will be dedicated in a ceremony planned for 3 p.m. Sunday. The viewpoint is located on the Shoshone falls road a short distance above where the side road enters the Dierke's lake area.

By vote of the Centennial committee, the viewpoint will be dedicated to Mrs. Anna Hansen Hayes, who was born at Rock Creek before Twin Falls county was established and whose father, the late John Hansen, was a rock creek settler and one of the first county commissioners when Twin Falls county was created.

Her late husband, John E. Hayes, was a pioneer surveyor of this area and aided in laying out the original township.

Chairman of the dedication is T. T. Creed and Lars Larson, Edward McCarty and Gus Hildway are committee members.

Chairman of the dedication ceremony will be Mrs. Wanda Reed, while address will be given by R. J. Schwendiman.

The dedication ceremony will be open to the public and there will be adequate parking areas available.

The viewpoint was made possible through cooperation of the historical groups, the city of Twin Falls, recreation department and the Twin Falls Orange.

CHECK ON DOGS
CLARENCE HENRY, Sept. 10 — Police officers here are making house to house checks on dog ownership and the licensing of dogs. Police Chief Melvin Helwich said officers have found some 35 dogs that have not been licensed in 1964.

HANDING OVER CHECK for \$1,500 for the museum fund of the Twin Falls County Historical Society is Charles Marshall, left, Muriaugh, treasurer of the Twin Falls County Territorial Centennial committee, Edward R. Smith, society president, accepts the donation as Mrs. John E. Hayes, committee chairman, looks on. The money came principally from the sale of Twin Falls county historical books during the 1963 Centennial year. Officials also announced that dedication of the Shoshone falls viewpoint has been set for 3 p.m. next Sunday with R. J. Schwendiman as speaker. (Times-News photo)

Last Honor Paid Donald Vincent
JEROME, Sept. 10 — Funeral services for Donald Eugene Vincent were conducted at 11 a.m. Monday in the Hope funeral chapel by the Rev. John Fries, pastor of St. Paul's Lutheran church.

Much was furnished by a trio composed of Mrs. Inez Steinmetz, Mrs. Melba Lajeunesse and Mrs. Wilma Deanes. Pianist was Mrs. Virginia Dodson.

Palbearers were Charles Vincent, Larry Vincent, Jerry Vincent, Eldon Lamb and Donald Taylor.

Final rites were held in Hazelton cemetery.

SERVES IN PHILIPPINES
